IT ALL STARTS AT THE TOP.

Leading an entire organization is a unique experience with its own set of demands. Being able to discern what’s working, what’s not, and why is critical — not only to individual success, but to organizational success as well. At this level, the 2 are essentially one and the same.

That’s why we created Leadership at the Peak. This 5-day intensive leadership program designed specifically for the C-suite and senior leaders digs deep into personal leadership styles and effectiveness. Using in-depth assessment feedback, hands-on exercises, and one-on-one executive coaching, participants leave with the skills and tools necessary to tackle their organization’s biggest challenges, whether it’s business operations, strategic issues, managing change, leading across boundaries, talent development, or all of the above.

“When I went to the Leadership at the Peak program, there was a fair amount of uncertainty in my company, and there were some stark contrasts in the 360-degree feedback I got. It was eye-opening, and the CCL coaches did a good job of helping me put it into context.”

— Mary Shapiro, U.S. Securities and Exchange Commission

LEADERSHIP CHALLENGES AT THIS LEVEL

We understand the challenges facing top leaders, which is why program discussions most often revolve around:

- Navigating business operations, the heart of all other challenges
- Setting and realizing strategic vision, direction, and goals
- Managing both day-to-day and long-term change
- Leading across boundaries such as levels, silos, cultures, geographies, backgrounds, and interests
- Ensuring the current and future talent pipeline
- Understanding and adjusting leadership style
PREPARING FOR THE PROGRAM: BEGIN THE JOURNEY

Prior to the live program, participants prepare for the experience by completing the required online pre-work. This includes inviting their 360-degree feedback raters, taking their self-assessments, and planning for an executive presence exercise. This preparation ensures maximum benefit from the program and supports significant personal and professional growth.
