

WorkLife Indicator™

Increasing Your Effectiveness On and Off the Job

What is WorkLife Indicator?

WorkLife Indicator provides the information and tools individuals need to move toward a more productive and sustainable way of managing the boundaries between work and family.

The World's Most Widely Used Leadership Assessments

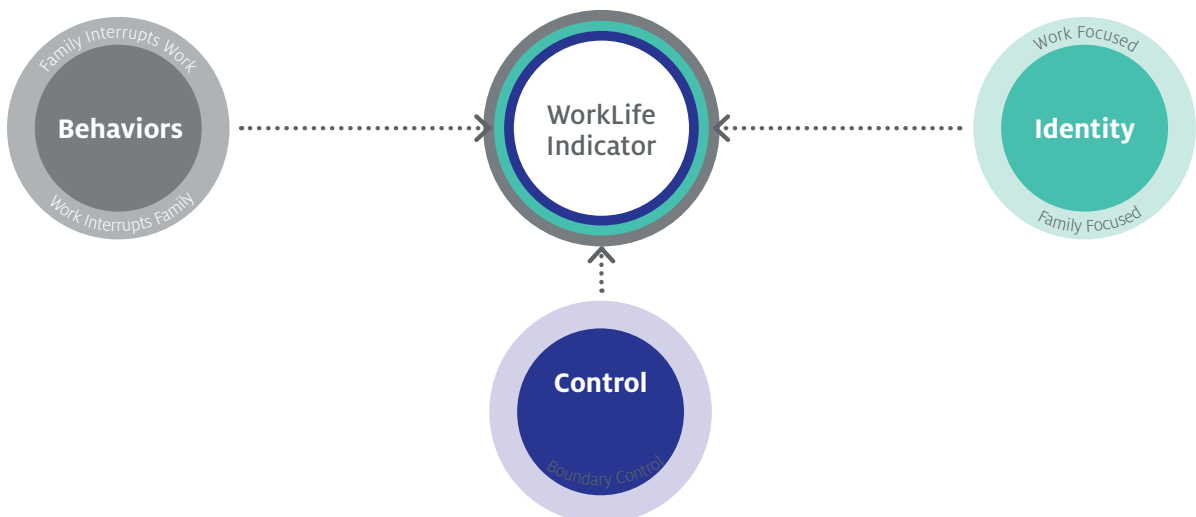

CCL pioneered the use of assessments and feedback in leadership development decades ago. Since then, millions of users from thousands of organizations have relied on CCL assessments to produce valid, reliable, and actionable results.

Results

- Provides information that helps individuals understand the strengths and challenges associated with one's personal profile.
- Provides tips for personal improvement that are tailored to each individual's profile.
- Helps organizations create a common language around different approaches and can be used to increase employee engagement.
- Provides accurate and relevant, research-based results on an individual's profile.

What WorkLife Indicator Measures

- **Behaviors** – The degree to which an individual identifies with and invests in work and family roles
- **Identity** – The degree to which an individual feels in control of how they manages the boundaries between work and family
- **Control** – The degree to which one combines or separates the tasks associated with work and those associated with one's personal life

Special Features

- Self-assessment (takes approximately 10 minutes to complete)
- Online administration and report delivery
- Integrated feedback report and development planning guide
- Detailed profile with customized tips
